Dear Julian Assange,

As participants in the weekly manifestation near the US-embassy at Brandenburger Tor in Berlin and as members of the NGO attac Germany, which is part of the social movement, we demand for your immediate release from jail and we will not stop until this will happen.

We are concerned about your health and the constant violation of your human dignity. Our minds are with you and we wish you all the best.

Berlin

Yours sincerely,

Werner Ruhoff
on behalf of the members of attac Berlin
